

Generosity is not something we are born with; it is something we learn over a lifetime. Generosity grows when we have role models of sharing and we stretch ourselves to share abundantly of what God has entrusted to us.

Each of us is on our own journey toward generosity. The more we know about where we have been on that journey, where we are today, and where we hope to go in the future, the more we will be able to grow our generosity toward our church, our family, and those in need in our community and beyond.

You are invited to explore your own generosity journey by completing the included Generosity Autobiography. The Generosity Autobiography is a series of questions that help us to think about our relationship with money both in the past and today. The Generosity Autobiography also helps us to think about our generosity in the future as well as the legacy of sharing we hope to leave to behind.

Through your continued and growing generosity, Abiding Savior is able to offer moving worship, engaging Bible study, faith formation in our children and youth, caring ministries for those who are experiencing rough times, life changing outreach to this community and beyond, and soul enriching fellowship.

Thank you for your past sharing and God's blessings on your generosity journey!
